SYSTEM OVERVIEW

SOLAR CAPACITY	INVERTER CAPACITY	BATTERY BACKUP

System type	Structure type

Thank you for choosing KaamAsaan to plan your solar energy system. This pre-survey quotation is based on the system configuration and information selected/provided through the KaamAsaan platform. Final quantities, installation requirements, scope and pricing remain subject to physical site survey and technical verification.

KaamAsaan

PROPOSED SOLAR SYSTEM

All amounts in PKR

SR.	ITEM	DESCRIPTION	QTY	UNIT	UNIT PRICE	TOTAL PRICE
01	**Solar Panels**			Nos		
02				Nos		
03	**Battery**			Nos		
04				kW		
07	**Transportation**	Delivery of equipment and structure material to the installation site				
08	**Installation & Service**	Installation of Panels, Testing & Commissioning with Engineering Support and 1-year aftersales service.		kW		

ESTIMATED TOTAL

> Pre-survey estimate — final pricing, quantities and installation scope may change after physical site survey.

PRODUCT INFORMATION

Technical documentation for the equipment quoted on the preceding page.

SOLAR PANELS

Technology		Panel wattage	
Quantity		Total PV capacity	
Performance warranty	30 years	Workmanship warranty	12 years

INVERTER

Capacity		Type	
Phase		Monitoring	Web / mobile app
Quantity		Warranty	10 years (as per OEM)

BATTERY

Chemistry / type		Module capacity	
Quantity		Total capacity	
IP rating		Warranty	10 years (as per OEM)

KaamAsaan

PRODUCT WARRANTY

Component warranty schedule for the equipment quoted in this proposal.

WARRANTY SCHEDULE

COMPONENT	WARRANTY PERIOD
Solar Panel: Grade-A, Bi-Facial Mono Crystalline – Performance (As Per OEM)	**30 Years**
Solar Panel: Grade-A, Bi-Facial Mono Crystalline – Workmanship (As Per OEM)	**12 Years**
Solar PV Structure (Mechanical Failure of Mounting Frame @ 33m/s)	**05 Years**
	10 Years
	10 Years

Warranty periods are stated as per the respective Original Equipment Manufacturer. Refer to the Warranty Disclaimer in the Terms & Conditions for the claim process.

TERMS & CONDITIONS

TERM	DETAILS
Price Validity	Prices are valid for 2 days.
Payment Mode	90% advance, 10% after installation.
Taxes	Taxes will be charged according to Government policy.
Late Payment	Customer will be charged 1% of the sales value per day for the outstanding amount, if not cleared at time of commissioning.
Order Confirmation	Advance payment along with signed copy of the contract is needed for the confirmation of the order.
Delivery Time	Equipment will be delivered within 4 to 6 working days of clearance of advance payment.
Scope of Work	Standard DC Cable (4mm) included (Brand: Fast Cables/Imported) Standard AC Cable included (Brand: Fast Cables) Standard AC Distribution Box having AC Breakers & AC SPD (included) Standard insulation Pipe (UPVC) included, Standard Bus Bar included, Standard Ducts included.

KaamAsaan

TERMS & CONDITIONS

Continued

Scope of Work not included	During installation, if extra cable (AC, DC or Earthing) is needed, the price of that cable will be borne by the customer. Any extra charges incurred due changes in the specification of the items mentioned in the "Scope of Work" will be given by the customer. Any customized panel mounting frame will be charged at actual. Any upgrades or rectifications to the existing electrical system of the building which includes, but is not limited to, interconnection of distribution boxes (DBs) on different floors with each other, earthing, backup generator and ATS integration, load breaker reassignments, and the associated material and labor for this scope of work will be borne by the customer. AC Earth is in Customer scope. Concealed wiring is in Customer Scope. KaamAsaan will assist customer's electrician.
Operation & Maintenance	One (1) year of free-of-cost O&M service Client will be provided with the basic level maintenance manual. Service Level Agreement (SLA) will be signed after completion of 1 year. Warranties offered are dependent on regular/preventive inspections of the solar system by KaamAsaan aftersales team.
Warranty Disclaimer	All warranties provided for equipment, components, or materials supplied under this Agreement are Original Equipment Manufacturer (OEM) warranties. The Company does not provide any independent warranty beyond what is offered by the respective OEM(s). In the event of any warranty claim, the Company will act solely as a facilitator/mediator between the Customer and the OEM by assisting in the submission and processing of claims as per OEM policy. If, for any reason, the OEM refuses, fails, or is unable to honor its warranty obligations, the Company will fully support the customer as per the circumstances of that time but shall not be held fully liable or responsible for any resulting loss, cost, or damage.
Booking Reversal	In the event of order cancellation by the Client, a cancellation fee of PKR 50,000, along with any incurred costs, shall apply. Booking reversal requests will be accepted only within three (3) days of order confirmation. Any approved reversal within this period will be processed after applicable deductions. After complete or partial delivery, a deduction of 5% of the contract value, along with incurred costs, shall be charged.
Net Metering (Not Included)	We will carry out the process of net metering license upon completion of site and receiving of requisite papers from the customer. Client needs to understand time mentioned for Net-Metering is dependent on LOCAL DISCOs and KaamAsaan cannot expedite/Influence the installation of Bi-directional meter.

Relocation of System	Charges for relocation of the system from the site will be at actual.
Tentative Units Production	On the basis of the data of solar radiation, Season and environmental factors, our system will produce 3.7~4.0KWh/KW, daily (an average of calendar year).
Pre-Survey Basis	This quotation has been generated before physical site survey and is based on the customer's selected system configuration and information available at the time of generation. Final equipment quantities, structure requirements, installation scope and total price may be revised after site inspection.
